

Jeremy's READ-IT CLUB Program

An initiative of Kids In Need Distributors, Inc.

Dear Teachers,

Today we are distributing the forms to sign up for Jeremy's "READ-IT CLUB". It is for all JoAnn Leleck Elementary students. We are trying to motivate students to read by offering incentives. The goal for the year (October 16, 2017 through May 1, 2018) is for them to read a total of 10 or more age appropriate books. They can read independently, have books read aloud to them or buddy read. When your student finishes reading each book he/she should fill out a "READ-IT CLUB" journal (we will distribute them to you) with the title of the book, author, the characters and a few sentences about the plot for each book (kindergarten/first grade students can dictate to a parent or guardian). A parent/guardian should sign off on each book that is read. When your student finishes reading all 10 books and completes the "READ-IT CLUB" journals, he/she should give it to you.

Please drop off any sign up sheets or journals to the box labeled "READ-IT CLUB" program in the main office.

Students will receive a t-shirt, a water bottle and many other terrific prizes when they complete their reading goals. **Those students who wish to participate should turn in the "Yes, I want to join" sign-up sheet by October 20, 2017 to their teacher. Then he/she will receive the "READ-IT CLUB" packet which includes everything needed to get started.** (These packets will be available after October 16th dependent on the # of students whom enroll in your class, PLEASE TURN IN ALL FORMS TOGETHER for YOUR class in given folder)

We hope that you will participate in our reading program and encourage your children. Remember, the love for reading lasts a lifetime.

Sincerely,

Jeremy Lichtenstein
